## WP 7: Students' Selection

The overall aim of this work package is to serve as a quality gatekeeper for the selection of prospective students into the program.

The specific aims of this work package are to ensure the enrolment of highly competent students who can cope with and succeed on the course of the new master program, and to promote transparent selection of quality candidates.

This work package intends to establish a selection criteria based on the discussion with our Jordanian and European partners of the JUST-CRS consortium, all the while abiding with the overall rules and regulations that are implemented by the Deanship of Graduate Studies at Jordan University of Science & Technology.

The students' selection process will be composed of two phases:

1. To develop and identify the students' selection policy, criteria and guidelines.
2. To carry out the student's selection process.

## JUST-CRS Students' Selection Policy

JUST – CRS program does not discriminate against any applicant based on nationality, race, gender, socioeconomic background or disability status. JUST-CRS adopts high standards' requirements for its applicants that are solely based on academic and professional merits and experiences.
